

MINING-P104-4G

Built For Non-Stop Mining!!

ASUS Exclusive Innovations

■ 2.5-Slot Width Thermal Design

MINING-P104-4G is constructed with a 2.5-slot width thermal design, providing more heat sink surface area for dramatically cooler and quieter mining performance.

■ IP5X-Certified Dust Resistance

ASUS fan design is certified under the International Protection Marking (IP code) as IP5X dust resistant for improved reliability and optimal fan performance, even under severe conditions.

■ AUTO-EXTREME TECHNOLOGY

An industry-only, 100% automated production process that incorporates Super Alloy Power II components for premium quality and best reliability.

■ GPU Tweak II

GPU Tweak II allows you modify clock speed, voltage, fan performance and more, all via an intuitive interface.

Hardware Specification

Model	MINING-P104-4G
Graphics Engine	NVIDIA P104-100
Bus Standard	PCI Express 3.0
Video Memory	4GB GDDR5X
GPU Boost Clock	1733 MHz
GPU Base Clock	1607 MHz
CUDA Cores	2560
Memory Clock	10010 MHz
Memory Interface	256 bit
Input / Output	No support
Power Connectors	8 pin
Software Bundled	ASUS GPU Tweak II & Driver
Dimension	The card size is 10.63" x 4.76" x 2.01" Inch 27 x 12.08 x 5.1 Centimeter
Note	<ul style="list-style-type: none"> ● To have the best cooling performance, ASUS MINING-P104-4G extends the fan sink to 2.5 slots. Please double check you Chassis and Motherboard dimension prior to purchase to make sure it fits in your system! ● Specifications are subject to be changed without notice. ● PCB color and bundled software versions might be changed without notice. ● Brand and product names mentioned are trademarks of their respective company.
